THE DISPENSER

Avalon A4 stainless bottom-load water cooler

Hot, cold and room-temperature water from one stainless-steel cabinet with 304 stainless internal tanks. The 5-gallon bottle slides into the lower cabinet, so nobody on your team lifts a full bottle over their head or flips it upside down. UL Listed and ENERGY STAR certified, with a child safety lock on the hot spout, an empty-bottle indicator and a built-in nightlight.

Delivery and professional setup are included — we place the cooler on the floor you want it on, start it up and show your staff how to change a bottle.

Model	Avalon A4BLWTRCLR

THE WATER

LivingWaters — The Crown ionized water with electrolytes

LivingWaters Essence — 24/Case

16.9 fl oz (500 mL) · 24 bottles per case · pH 9.5–10.5 · ORP –500 to –700 mV. Cased for cafeteria and canteen resale, grab-and-go chillers, clinics and events.

LivingWaters Essence — 5-Gallon Service

Returnable 5-gallon bottle · pH 9.5–10.5 · ORP –500 to –700 mV. Plant-sanitized and refilled; we deliver filled bottles on your schedule and collect the empties on the same run.

LivingWaters Natural — 5-Gallon Service

Returnable 5-gallon bottle · pH 7.5–8.5 · ORP +45 to –160 mV. The everyday choice for break rooms, nurse stations and waiting areas where volume matters most.

WHERE IT GOES

Cafeteria, canteen & gift shop

Buy by the case and retail single bottles across the counter.

Offices, break rooms & conference areas

An Avalon A4 in every suite, staff lounge and board room.

Nurse stations, waiting rooms & patient areas

Cases where clinical staff work; coolers for families and visitors.

Scheduled delivery across the Greater Houston metro — Harris, Fort Bend, Montgomery, Brazoria and Galveston counties. Request a quote at sterilemate.com/marketplace/commercial-water or call (281) 456-3458.

CAPABILITY STATEMENT

Living Waters, LLC — Sugar Land, Texas

"Water is Life. LivingWaters is Life in its Essence."

ABOUT THE MANUFACTURER

Living Waters, LLC is a Texas-born, minority- and women-owned manufacturer in Sugar Land, Texas producing premium ionized alkaline bottled water. Water is purified through multi-stage reverse osmosis, ozonated, remineralized with magnesium, calcium, potassium and sodium, then ionized through a natural ceramic stone process — not electrolysis and not chemical dosing — delivering consistent mineral composition, alkalinity, freshness and taste at institutional volume.

Sterile Mate LLC is proud to partner with and support Living Waters US. We handle the programme end to end for healthcare clients — ordering, scheduled delivery, cooler placement and setup, empty-bottle collection and invoicing — on one purchase order, with diverse-supplier spend that stays in Greater Houston.

CORE CAPABILITIES

- Advanced reverse osmosis & ozone purification
- Naturally enhanced with essential minerals
- Innovative natural stone ionization technology
- High-volume automated manufacturing capacity
- Premium private-label solutions
- Reliable supply for commercial and institutional clients

DIFFERENTIATORS

- Two premium products — pH 7.5–8.5 and pH 9.5–10.5
- Naturally alkaline, filtered through layers of rock
- Zero additives or preservatives
- Bottled fresh and sealed for quality
- BPA-free PET-1 bottle
- Non-GMO · gluten-free · vegan · no added sugar
