Ship To

SKU	VR-16M-CLR
Manufacturer	TARPS NOW
Distributor	Sterile Mate LLC
Material	PVC Vinyl w/ Polyester Scrim
Reinforcement	1000 Denier (6x6 scrim)
Thickness	16 mil
Color	Clear
Roll Width	32 in
Core Size	2 in or 3 in
Roll Length	100 yards
Lead Time	16 – 18 weeks

Applications

- Hospital & pharmacy strip curtains (temperature / traffic control)
- Construction-phase dust & infection-control barriers (ICRA Class III/IV)
- Cleanroom & pharmacy compounding partition walls
- Food processing / cold storage doorway curtains
- Warehouse dock & loading-bay barriers
- Machine guarding & spray-containment enclosures

Material Specification

Heavy-duty 16-mil clear PVC vinyl laminated over a 1000-denier polyester scrim in a 6-strands-per-inch cross-weave pattern. The polyester grid delivers tear-through resistance and dimensional stability while the vinyl skin remains optically clear for full visibility. Ships on 2" or 3" cores for use with standard curtain hardware, strip-curtain systems, or roll-off dispensers.

Bulk Quote — 350 Roll Program
